

1. Please read through and follow the step-by-step instructions in the leaflet.
2. Please do not discard any packaging before you have checked all the parts and fittings are included.
3. We recommend that assembly is done in the room intended for use and it is assembled by two people.
4. Assemble this product on a flat and clean surface to avoid scratching.
5. Do not tighten any bolts before all the parts have been assembled loosely. Product and/or fittings might be damaged by over tightening screws or bolts. Beware of cross-threading the screws or nuts during assembly.
6. Keep fittings away from childrens' reach.

## **Caring for your new Limelight Product**

- **PLEASE NOTE: GOODS THAT NEED TO BE RETURNED SHOULD BE SENT BACK IN ORIGINAL PACKAGING.**
- When assembling your bed please ensure that you have checked the contents for all relevant parts.
- When tightening bolts make sure that they are fully tightened, but not forced.
- For your bed, the central support legs must be fitted to the bed to avoid distortion of the frame (where supplied).
- When moving your fully assembled bed you must first remove the mattress and lift the frame into position, take care when lifting and always have two people handling the bed. PLEASE DO NOT DRAG THE BED as this will cause damage to the central support legs and rail. Central legs MUST be in a vertical position at all times.
- Due to the nature of laminate flooring, we recommend that you place non slip material under the central support legs. This will stop the legs from sliding on laminate/wooden floors and will prevent the bed from collapsing.
- It is advisable to use approved cleaning products when cleaning the furniture and bed frame as certain chemical based cleaners could have an adverse effect on the bed finish.
- All Limelight beds are produced to the highest standards and are packed to avoid damage in transit, should you find that your new bed does not meet with your satisfaction please contact Limelight customer care on 01455 850150.
